

# Women investing in the future — of — Women

Since 1991, Habitat Women Build volunteers from around the world and all walks of life have come together to build stronger, safer communities. In 2020 Dallas Women are joining this global effort.

A large percentage of Habitat for Humanity clients are single women with children. For these families, there are unique and significant challenges to overcome on their journey to financial stability. Homeownership is one of the leading ways that a family can ensure long term financial independence and long term stability.

Women Build Dallas committee members are currently raising funds to help families achieve their dream of affordable homeownership right here in Dallas. The funds we raise will support new affordable home construction, critical home repairs to revitalize the neighborhood, and support critical financial education that will prepare these families for long-term financial stability.

## Are you ready to **Build With Us?**

## Your Donation Makes a **BIG** Impact

**69%**

Dallas Habitat Clients are single women head of households.

**41%**

Dallas Habitat Clients are single mothers.
